NOTICE TO SAN ANDREAS SANITARY DISTRICT CUSTOMERS

On Thursday, March 14, 2024 at 8:00 a.m., the District's Board of Directors will consider a 2.7% increase to all sewer rates starting July 1, 2024. For residential customers, this would result in an increase of \$2.00/month, to \$76.00 per month. The District has been successful in obtaining grants and low-interest loans totaling over **\$16 Million** for necessary infrastructure projects the past six years, allowing us to keep sewer rates lower than would otherwise be required.

This proposed increase is due to the general inflation pressure for ongoing operation and maintenance activities of the District.

The maximum rate the District could consider is \$76.24/month, as established in 2016 in accordance with California Constitution Article III, Section 6, also known as Proposition 218.

If you have questions, please feel free to contact our District Office.

Sincerely,

San Andreas Sanitary District
